

ABSTRACT OF THE DISCLOSURE

A flat panel display and panel module thereof. The flat panel display includes a housing, a panel module and a main bracket. The panel module, contained in the housing, includes a front frame, a rear frame, and a panel. The front frame and the rear frame are assembled to encase the panel. The rear frame has at least one connecting portion, covered by the encased panel. The main bracket is disposed in the housing to connect the housing and the connecting portion of the rear frame.
